

DIY Package:

Auto Repair Reference Center™

EBSCO Publishing has partnered with Point 5 Technologies to create Auto Repair Reference Center™. The Auto Repair Reference Center database includes automotive repair information supplied by Point 5 Technologies, Inc., under license from Nichols Publishing, the former publisher of Chilton® Information and information from Delphi Integrated Service Solutions. Auto Repair Reference Center contains information on most major manufacturers of domestic and imported vehicles, with repair information for most vintage makes starting as far back as 1945. Database content includes more than 31,660 vehicles covered from 1945 to present; over 205,000 drawings and step-by-step photographs; approximately 75,000 technical service bulletins & recalls issued by the original equipment vehicle manufacturer; over 130,000 enhanced wiring diagrams for easy viewing and printing; specifications & maintenance schedules; Labor Time Guide & Estimator; AutoIQ; Quick Tips, a complete guide to vehicle ownership & maintenance; unlimited remote access and much more. New repair procedures and updates will also be added continuously. All of the content in Auto Repair Reference Center has been created by ASE certified technicians.

Small Engine Repair Reference Center™

Small Engine Repair Reference Center™ is the definitive online tool for small engine repair assistance, including: ATVs, commercial mowers, farm tractors, generators, motorcycles, marine (boats), outdoor power equipment, PWC (personal watercraft/jet ski), snowblowers, snowmobiles, tillers and other small engines. This comprehensive resource contains 407 reference books in full text with original photos and illustrations that guide the user through every job. The database often contains more than 25 years of an engine model, and offers assistance in providing routine maintenance, such as tune-ups and brake service, as well as extensive repairs involving engine and transmission disassembly. Also, the database allows users to select a type of product, specific brand, specific model/engine type, and specific area of that model/engine type. Additionally, model numbers will also be searchable.

Home Improvement Reference Center™

Home Improvement Reference Center™ is the definitive online tool for home improvement assistance, including: maintenance, remodeling, electrical work, plumbing, wood projects, outdoor improvements, decorating home & garden, etc. This comprehensive resource contains 26 major reference works in full text with more than 10,000 images (none found available online anywhere else). Additionally, the database contains full-text magazines (e.g. This Old House). Remote access is available for library patrons for use from home.
